That's why we're here.

the Math Support Center can make your life a little better with:

• ideas to deepen your understanding of mathematics
• diagnosis of gaps in your mathematical background
• help in choosing the right math course for your needs
• information on careers in mathematics and allied fields
• spot-tutoring to keep you abreast of courses
• referrals for more extensive tutoring if you need it
• special arrangements to meet you special needs
• tips for learning and teaching mathematics
• encouragement for your ideas
• listening to your frustrations
• perspective when you feel overwhelmed by tests or homework
• reviews and workshops on troublesome math topics
