Math Support Center -- tutoring daily except Saturday
256 Malott  http://www.math.cornell.edu/msc/

Math Support Center Capsules
Currently available are topics from precalculus and calculus under the following headings:
• Diagnostic Tests
• Math Survival Kit
• Algebra
• Differential Equations
• Exponentials and Logarithms
• Functions
• Graphing
• Infinite Series
• Integrals
• Limits
• Max-Min Problems
• Multiple Integrals
• Polar Coordinates
• Related Rates
• Trigonometry

Math Support Capsules are useful for:
• ideas to deepen your understanding of mathematics
• diagnosis of gaps in your mathematical background
• help in choosing the right math course for your needs
• information on careers in mathematics and allied fields
• spot-tutoring to keep you abreast of courses
• referrals for more extensive tutoring if you need it
• special arrangements to meet your special needs
• tips for learning and teaching mathematics
• encouragement for your ideas
• perspective when you feel overwhelmed by tests or homework
• reviews and workshops on troublesome math topics

Capsules are available in our office 256 Malott
Most are also available on-line at:
http://www.math.cornell.edu/twiki/bin/view/MSC/MscCapsules
